

Workshop - Creative Border Piecing

hosted by Joyce Walton

Learn how to machine piece an interesting, colorful quilt border with absolutely no fabric waste. Perfect for beginner and seasoned quilters, this technique class is great for using up your scraps, and for a quilt you may have started and are stuck on how to border it. This concept could also be incorporated in the body of a quilt and can be used over and over again for future projects.

Sample photos of the border treatment shown here
