

Christmas Tree Supply list

20 x 24" Background fabric – something that reflects a night sky or daytime sky.

7 – 2 " strips of various green/blue green/ gold green fabrics. 12" long (you can have a swap with other people in the class and share fabrics.)

1/6th yard of white or white glitter fabric.

3 yards heat and bond light (NO STEAM A SEAM)

20x 24" muslin of other fabric

20x 24" Batting

20 x 24" backing fabric – your choice of color

80/12 and 90/14 needles

Bead glue – available at HL. Small bottle is fine.

Sm flat back beads or hot affix beads

Tweezers can help when placing beads

Good sharp scissors

Ironing mat and iron

Variety of threads – one to match background, white for snow, green for tree. Silver for star.

Metallic threads work very well for this project.

Optional – jewel button for the star on the tree. Small tree ornaments stick-ons available at HL in scrap booking department.

Other supplies needed for landscape or gnome tree. These will be discussed once class registration is complete.

Prep work prior to class. Please iron heat and bond light on the back of the green fabrics and the white fabric. THIS MUST BE DONE!!!

Sewing machine – pre-filled bobbins = white thread and black thread please

If you wish you can do free motion on this project – just bring an embroidery foot or open toe hopping foot for your machine. A regular foot will be fine for straight stitching.
