

QSC Fall 2021 Class Description

Dee Doeblner

Shimmer Quilt

Dee has been quilting for over 40 years and teaching for 20 years. She describes her work as eclectic and especially loves scrappy quilting, freeform beading, embroidery and bookmaking.

By using only half square triangles, you will discover ways of blending your fabrics so that you can create the shimmering watercolor effect for this spectacular quilt! You will also be shown various ways to create your half square triangles. This a color design class and you will only be working on small sections at a time. Design wall is a MUST. This class suits confident beginners, as well as intermediate and experienced quilters.

Dee Doebler

Basic Sewing Supplies

Machine in good working order

Extension cord

Light (if you need one)

Small iron and small HARD Ironing surface (I will have some boards in class)
